

Danderine

Stops Falling Hair and Destroys Dandruff

Makes the Hair Grow Long, Heavy and Luxuriant and We Can Quickly Prove It

If You Wish to Double the Beauty of Your Hair at Once, Just Get a 25 Cent Bottle and Try This

Surely try a Danderine Hair Cleanse if you wish to immediately double the beauty of your hair with little trouble and at a cost not worth mentioning—just moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

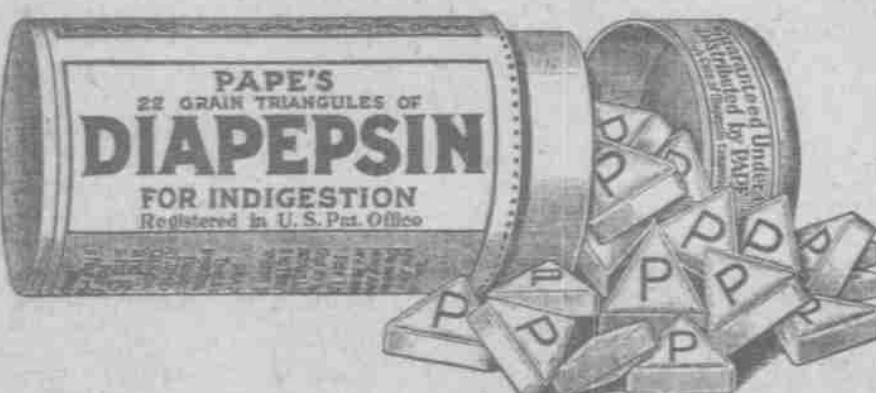

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Danderine from any drug store or toilet counter and try it as directed.

IF YOU CAN'T GET YOUR STOMACH REGULATED, EAT A FEW DIAPEPSIN.

Time it! In five minutes there will be no Indigestion, Sourness, Heartburn, Gas or Dyspepsia.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapiesin is noted for its speed in giving relief; it's harmless; it's certain unfailing action in regulating sick, sour, gassy stomachs. It's millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapiesin comes in contact with the stomach all such distress vanishes. It's promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who haven't tried it.

Mi-o-na Banishes Indigestion, Sourness, Gas and Heaviness

Promptly Stops Fermentation and Every Form of Stomach Distress, or Your Money Back.

Millions of people have been cured by using Mi-o-na Stomach Tablets and now have strong stomachs, capable of digesting the heartiest meals. Millions of others continue to suffer from indigestion even though Mi-o-na is guaranteed or money back. Millions suffer from distressed stomach, acid stomach, belching of sour food, a miserable heaviness at pit of stomach even though Mi-o-na is guaranteed or money back. Millions parade a foul breath, display a dull eye, stand for attacks of biliousness and dizziness even though Mi-o-na is guaranteed or money back. Many get so nervous and irritable from fermentation of food in stomach and the action of poisonous stomach gases that they have headache regularly, have bad dreams nightly and become dependent and unfit for active work.

And still Mi-o-na is guaranteed to end all such troubles or money back. What excess have these people for suffering when Mi-o-na, the universal stomach prescription can be had in tablet form for 50 cents a large box. At Kelly & Pollard's and drug stores everywhere. There is only one excuse, the old worn out, bungled, battered and torn excuse—the excuse of the undeveloped—the excuse of the childlike, the weak and the mentally deficient. Just because—just because; that's the excuse, that's why they don't get Mi-o-na and win back energy, vim, vigor, vitality and a perfect stomach. Just because—it's a poor old decrepit excuse, but to some people it's better than none. To all intelligent people we simply say that Mi-o-na Stomach Tablets only cost 50 cents a large box and are sold on money back if dissatisfied plan.

FARMING

HOW TO GROW THE SOY BEAN, FORAGE

Some Directions Given to Valley Farmers—Where Seed May Be Had

Mesilla Park, N. M., Jan. 18.—Some difficulty has been encountered in the Mesilla valley, as well as in some other localities, in the production of soy beans. The first important feature in the production of this crop is good seed, and considerable difficulty is encountered in securing it. The seed, therefore, should be tested by placing in a pan of damp soil in a warm place, a determinant how much will germinate. If less than 80 percent good seed is found, either better seed should be secured or a larger amount in proportion to the quality should be planted.

The seed should be in the best condition for the sprouts of soy beans are very tender, and any obstructions such as lumps, stones or crusts on the surface of the ground, will materially impede the growth. Seed should be planted from one inch to one and one-half inches deep in the heavier soils, and two to two and one-half inches deep in sandy soils. Irrigation water should be applied before planting so that a crust will not form after the seed has been planted. This is important.

Soy beans may be planted in rows two and one-half to three feet apart, and may be drilled or broadcasted. Planting in rows and cultivating will give the best returns in seed, but for feeding purposes, the entire ground may be covered. When planted in rows about 60 pounds per acre will give good results. If planted broadcast, considerable more, about 150 pounds, should be used. The roots of soy beans are not deep, usually not more than 20 inches, so that frequent shallow irrigations are preferred to heavy irrigations at longer intervals. This is usually true if the crop is planted on the sandier soils.

It will be found exceedingly beneficial to cultivate the soy beans when they are planted in rows. This should be done two or three times during the early part of the growing season, both to break any crust that may form and to keep out weeds. It will be found most beneficial to cultivate as soon as the soil is dry enough after irrigation. When the plants are in a legume and is therefore a nitrogen gatherer for the soil. If properly handled, it should leave the soil in better condition than before. This is particularly true of sandy soil, which is generally somewhat deficient in nitrogen. The crop usually does well on the lighter soils as compared with the heavier soils.

Soy beans mature in from 80 to 115 days. They may be planted any time after the danger of the last killing frost is passed. The crop on the mesquite land at the college was planted on May 25. Slightly more than 90 bushels of seed to the acre were produced on the soil where the seedling was about 80 pounds to the acre in rows three feet apart.

Rabbits are particularly fond of the young beans and if there is danger from these pests, it will be well to plant enough for yourself and the pests also. A limited amount of seed may be planted and will be distributed in small quantities at market prices by the New Mexico College of Agriculture at Mesilla Park.

VALLEY MELON MEN MAY BE ORGANIZED

Meeting to be Held to Consider a Marketing Association

A meeting of the valley produce, fruit and melon growers will be held at the chambers of commerce at Mesilla Park, N. M., Jan. 18. Mr. L. M. Lyon, head of the Lyon Bros. company, arrives here from New York. Mr. Lyon will meet with the landowners and ranchers of the valley regarding the organization of a marketing association for all the valley produce. The association will be organized which is to be started in the El Paso valley.

The leading land owners of the valley are interested in the organization of the association and will arrange for the meeting with Mr. Lyon upon his arrival here.

W. J. Gifford, representing the Lyon Bros. company, is still here preparing a report of the valley for his company.

NEGRO FARMERS TO REMAIN ON THE SOIL

Contribute Half a Billion to Produce of South in a Year

Tuskegee, Ala., Jan. 15.—Tuskegee's annual negro convention here has adopted the slogan "Remain on the soil."

Booker Washington presided over the conference, which was attended by white planters and business men. Negro farmers contributed \$500,000 worth of produce to the wealth of the south each year according to figures shown at the conference.

BIG CROP OF COTTON IN LAGUNA DISTRICT

Crop Will Be Several Thousand Bales Larger Than Last Year

Torreon, Mexico, Jan. 15.—Notwithstanding the droughts which marked the early part of the year, the continued interruptions in the plant and preparation of the crop and other drawbacks, the Laguna district has produced 90,000 bales of cotton this season.

Four weeks ago the crop was estimated at 65,000, an increase of 25,000 bales over previous estimates, but that number has already been prepared for shipment to industrial centers and there remain probably 15,000 bales which have not yet been sold, a part of which has not been ginned. A small army of people is still employed with the harvest which are engaged in getting ready for the crop of 1912.

Although the ranches are not yet free from disturbing elements, the improvement is so great that conditions may be considered almost normal. Gen. Robles is dividing his forces in the cotton district in a most effective manner, has increased the garrison in Sacramento and is operating with rurales in the outlying districts.

TO EXPERIMENT WITH SUGAR BEETS IN ARIZONA COUNTY

Artesia, N. M., Jan. 18.—L. B. Wilhelm, of Boulder, Colo., is here making arrangements with the farmers of the Pecos valley to make a test of sugar beets. He wants not less than 40 experimental tracts in different sections where beets will be grown under the supervision of an expert.

The results of these experiments will not only show the farmers what they can do, but will demonstrate to the sugar beet people the possibilities of this section for the growing of sugar beets.

Freckles, Pimples and Liver Spots

Can Be Removed Easily by Stuart's Calcium Wafers.

Write for Free Trial Package. Why suffer the stares of those about you because of a poor, muddy and blearily looking complexion? What you need is rich, strong, generous flowing blood to furnish a clear, clean pigment (color) to the face so that with each beat of the heart the blood courses unimpeded through the small surface veins of the face, thereby keeping a glowing color ever present.

Stuart's Calcium Wafers are composed of the most powerful of blood builders and purifiers, yet they are harmless and may be taken into the system by any one, even a child. What is invigorating the blood, the slightest tendency in using these little purifiers continuously.

They work very fast and many severe cases of discolored complexions are thoroughly cleared and beautified after a brief time. The number of testimonials we have attesting to the strength and effectiveness of Stuart's Calcium Wafers would astonish one. Every druggist carries them in stock, price 50c. Don't wait, but get your complexion today and you will see the results. Take them after each meal and give them an honest trial and the rapid results will astonish you.

We will send you a trial package containing an amount of these Wafers sufficient to show their value. Send us your name and address and we will send you a trial package, by mail free. Address: F. A. Stuart Co., 115 Stuart Bldg., Marshall, Mich.

FARMING

RECORD CROPS ARE EXPECTED ON PLAINS

First Silo in Hale County Successful and Interests Farmers

Plainview, Texas, Jan. 18.—While the Plainview country has experienced colder weather this winter than for many years previous, it has so far been beneficial rather than injurious. Stock on the range have suffered but little for the reason that food is plentiful and cheap and snow has never at any time covered the grass more than two days at a time. It is a time to prove again that "good crops follow a bad winter" in the plains country. It is thought that no wheat has been injured by the frost in Hale county, and the wheat acreage is exceptionally large and a record yield is expected.

Keith Catto has opened his silo, the first in Hale county, and is feeding his horses, cows and hogs on succulent green feed. He lost about two feet of feed at the top of the silo, but attributes this loss to insufficient packing, and next season hopes to lose not more than six inches. The balance of the feed is excellent. He has enough silage to last his stock through the winter and it comes handy at a time when there is no other green stuff. His silo is 14 feet in diameter and 25 inches high and contains the product of 30 acres.

Mr. Catto is highly enthusiastic over his silo, and says that the result of his experiment will mean the installation of one on every farm in the south plains in time, and thus will be brought about no inconsiderable gain in the preservation of the efficient stock stuff. The silos of Plainview and farmers from all over the Plainview country are daily going out to inspect this innovation.

FARM NEAR ROSWELL SELLS FOR \$65,600

Roswell, N. M., Jan. 18.—R. O. Walters has sold his 164 acre farm adjoining the Hagerman orchards, near the head of South Spring river, to August Brandes, of Marville, Ill., for \$65,600, and that is the highest price ever paid for a farm in the county. Brandes paid Mr. Walters \$10,000 and deeded him his two story bank building on Main street, Roswell, 75x138 feet, known as the "Wells flats."

INDIANA MEN BUY FARM LAND NEAR ROSWELL

Roswell, N. M., Jan. 18.—S. C. Wright and Archie Hibbler, of Effingham county, Indiana, have purchased the 240 acre farm of Roswell, Texas, and the company land, seven miles southeast of the city. They will make further improvements. The price is not made public.

The Roswell Farmers' Institute will begin here Monday of next week, continuing over the following Saturday.

ITCHING ON HEAD SPREAD TO FACE

And Neck, Grew Worse and Worse, Mass of Itching Sores, Now Well. Owe It to Cuticura Remedies. They Also Cured Wife of Sore Limb and Children of Scales on Head.

Montgomery, Ala.—"I was a sufferer from an itching on my head. It grew worse and worse until my head was in a mass of itching sores and it was spreading on my face and neck. I was bothered two years with that plague. Everything that anyone would recommend to me all failed. To-day I am well and owe it all to the Cuticura Remedies. I was told that Cuticura was a cure for leg. It itched and was about six inches of sore on the front of my leg. For three years it was a black, raw sore and at times it would be swollen twice its size. We tried nearly everything, and they did no good. She thought she was going to lose her leg. She washed her leg three times a day with hot water and Cuticura Soap, then applied the Cuticura Ointment with a brush and in a few days it was healed. Now she is well and her leg is the natural color and size."

"Our youngest children's heads were broken with scales and itching. We thought we should have to cut off their hair. We washed their heads with Cuticura Soap and hot water and applied the Cuticura Ointment and in ten days their heads were clear and clear." (Signed) T. M. Hays, Sept. 30, 1911.

If you wish a skin clear of pimples, blackheads and other annoying eruptions, hands soft and white, hair lustrous and glossy, and scalp free from dandruff and itching, begin to-day the regular use of Cuticura Soap for the toilet, bath and shampoo, assisted by an occasional light application of Cuticura Ointment. No other method is so agreeable, so economical, and so often effective. Cuticura Soap (25c) and Cuticura Ointment (50c) are sold everywhere. Sample of each mailed free, with 32-p. book. Address, "Cuticura," Dept. T, Boston. Tendered cash should be sent with Cuticura Soap Shaving Stick.

CHICAGO MEN MAY BUY THE "C" RANCH

Property Owned by Nelson Morris Estate Comprises 235,000 Acres.

Midland, Tex., Jan. 18.—Representatives of a large Chicago financial concern have spent the week in Midland thoroughly inspecting the famous "C" ranch, the property of the Nelson Morris estate. The Chicago concern, it is said, contemplates buying the ranch and colonizing it with northern farmers, putting the greater part of the property in irrigated farms.

The "C" ranch is one of the largest ranches in Texas, comprising 235,000 acres. It was bought by the late Nelson Morris and for years he raised cattle here for his big packing plants and the market.

W. E. Allen, of Midland, and Miss Irene H. Whitley, of Mineral Wells, were married at the home of the bride. Mr. Allen is an attorney and is also president of the Midland Commercial club. After a wedding trip, the couple will make their future home in Midland.

RELIEF TICKETS FOR HELP SEEKERS

Woman's Charity Association and Salvation Army Cooperate.

The Woman's Charity association and the Salvation Army are cooperating on a scheme of helpfulness that will enable the poor and needy to receive relief without the usual humiliations of begging. This is the establishing of the relief ticket system which has been found to be of so much good to other large cities.

The tickets are being distributed today by assistant T. A. Pitt, and are being placed among the business firms and housekeepers. If a man comes with a long hard-up story and begging for a handout of money, or of food, the tickets can be given him. The ticket, when presented at the Salvation Army hall, at 249 Myrtle avenue, will entitle the holder to earn a night's lodging or a good square meal by a certain amount of work on the woodpile in the rear of the hall.

While the intention is to only furnish temporary employment, it is expected that the business firms and housekeepers will eventually become self supporting, as this same system has been carried out successfully in other places. The kindling wood will be sacked and sold, and the receipts used for the relief department's work.

Remember, when considering the installation of an irrigation pumping plant, that efficiency and durability are what count. Goulds centrifugal pumps and Witte gasoline engines stand for low fuel cost, profit and absolute reliability. El Paso Irrigation Company, Inc., 115 El Paso, Tex.

RUIDOSA MAN SHIPS CAR EL PASO

Ruidosa, N. M., Jan. 18.—Matt Gilmore, accompanied by Earl Converse and Shirley Reed, left for Tulsa, Okla., with a carload of fat hogs, to be shipped from that point to El Paso, Texas.

Misses Maude and Claude Linnam drove to Gallup, N. M., and returned in the afternoon, taking with them their sister, Mrs. Matt Gilmore, for a few days' visit.

Mrs. J. V. Bullock, of Glencoe, who has been visiting her mother, Mrs. A. J. Gilmore, for several days, has returned home.

James Bracken and Peter Hale have returned from Alamogordo, where they had been with two wagon loads of apples which they disposed of at good prices.

Mr. and Mrs. Fred Gonzalez, of San Antonio, New Mexico, visited the family of Jose Gomez and left for Tulsa, Okla.

Jack Purdy has returned from Capitlan with a wagon load of supplies for his store.

STONE FROM INDIANA FOR NEW PHOENIX FEDERAL BUILDING

The ancient fuel dealer who carried loads to Newcastle had nothing on the Indiana stone company which is shipping the limestone under the name of the limestone quarries located near Bloomington, Ind. In the famous Bedford limestone contract, which includes a number of little turned columns which will be shipped on two special flats with special trussing to support the immense weight of the building blocks.

ALPINE MOTHERS' CLUB HOLDS ANNUAL ELECTION.

Alpine, Texas, Jan. 18.—At a meeting of the Mothers' club, held at the school auditorium, the following officers were elected for the ensuing term: Mrs. W. J. Taylor, president; Mrs. W. O. Smith, secretary; Mrs. J. D. Jackson, treasurer; Mrs. A. R. Weaver, reporter.

Wm. E. Rawkins, state field worker of the Texas Sunday school association, was here Wednesday to hold an service at the Methodist church, morning, afternoon and evening.

S. D. Beach has purchased a residence in Alpine and is a pensioner at the Sonora Railway company's list.

Factor S. Walker and his brother, registered at the hotel Alpine. The Messrs. Walker have a ranch of several hundred acres in the state of Sonora. C. Lindstrom, of Los Mochis, Sonora, is stopping at the Alpine. Mr.

FLIRTATIONS BY MAIL MUST STOP

New York, Jan. 18.—"We purpose to clear the mails of the letters of young girls written to boys without the knowledge of their parents," said the postmaster of the city of New York, E. M. Morgan, whose attention had been called to the fact that the general delivery windows of the post office were being used as a means of keeping up harmful flirtations.

"Much misery, many broken hearts, many troubles would be avoided if parents maintained a closer supervision over the letters of their children."

Don't Hug a Delusion

Something "Just As Good" An Impossibility—If Not the Original Have Nothing At All

For a woman to adorn her head with false braids, puffs and rats, or a man to wear a toupee, is like buying an off-brand hair preparation instead of Newbro's Herpicide. The "false hair" and the "off brand" are both substitutes for the real thing. The original is always conceded to be better than any imitation or substitute. "Something just as good" is a heresy of the rankest kind. Newbro's Herpicide is the original remedy and does as promised. Years of success and thousands of satisfied users have made it standard. Herpicide kills the dandruff germ, keeps the scalp clean and stops falling hair. Its proper use before bedtime appears makes false hair and wigs unnecessary.

There is no uncertainty. The purchaser gets positive results or money is refunded. It is sold and guaranteed by all druggists.

Applications may be obtained at good barber shops and hair dressing parlors. Send 10c in postage for sample and book on "The Care of the Hair," to The Herpicide Co., Dept. R., Detroit, Mich.

Kelly & Pollard, Special Agents.

FRIEND'S ADVICE BRINGS RESULTS

Lady in China Grove Acts on Her Friend's Advice, and Meets With Good Fortune

China Grove, N. C.—Mrs. Bertha Ervin says, in a letter from this place: "I suffered badly from nervousness. I had the backache, and my side hurt so that I was not able to do my work."

A friend advised me to try Cardui, and I commenced to take it. I have now used two bottles, and am as strong as ever, and feel fine.

I am thankful for what Cardui has done for me. It is just the thing for women who suffer from any such troubles. I recommend the remedy to all my friends who suffer from womanly ailments.

I cannot say enough for Cardui. It has saved me a whole lot of suffering."

Cardui is successful, because it contains ingredients that act specially on the weak womanly organs. It seems to go to the spot, reach the trouble, relieve the symptoms, and helps to drive away the cause.

Being composed exclusively of vegetable ingredients, which act in a natural and gentle manner, it does its work safely and without bad after-effects.

For fifty years, Cardui has been relieving pain and distress caused by womanly troubles, so you may surely rely on it.

If you suffer from any symptoms of womanly trouble, take Cardui and get well. At the nearest drug store.

N. R.—Write to Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

Manfield is here making arrangements to move his family from Pecos.

AN AGED PENSIONER OF THE SONORA RY. DIES AT GUAYMAS. Guaymas, Son., Mex., Jan. 18.—Silver-haired Quinones died in Guaymas, aged 83 years. He was a pensioner of the Sonora railway, having for several years received the sum of 11 pesos per month. There is now but one pensioner at the Sonora Railway company's list.

HOLLOWAY IS BEING BROUGHT TO TEXAS

Chicago, Ill., Jan. 18.—Sheriff J. D. Key of Wilbarger county, Texas, left here today with Robert F. Holloway, who is accused of robbing the Harrold, Texas, bank of about \$5000. The bank was robbed April 13, 1910, dynamite being used on the safe. Police say Holloway confessed to the crime.

H. B. Oldham, terminal superintendent of the Mexico National lines at C. P. Diaz, Mexico, is in El Paso. He intends to locate in this city in a short time.
